

WELCOME TO NEW LIFE WOOD

Recycling lumber | Reducing landfill | Restoring lives

Registered charity no. 1176061

WHO ARE WE?

We're a new community wood recycling charity that transforms lives across south Essex.

WHAT DO WE DO?

We recycle waste timber which helps reduce landfill

We provide an opportunity to help disadvantaged adults learn new skills and build confidence – and also gain paid employment

We provide a local service to dispose of excess waste timber from both factory and construction sites all over south Essex

We also sell a wide range of quality, low-cost recycled wood such as softwood and hardwood and sheet materials

Timber can be cut to size and we make a wide range of hand-crafted wood products such as shelving units, bird / nest boxes, benches and planters

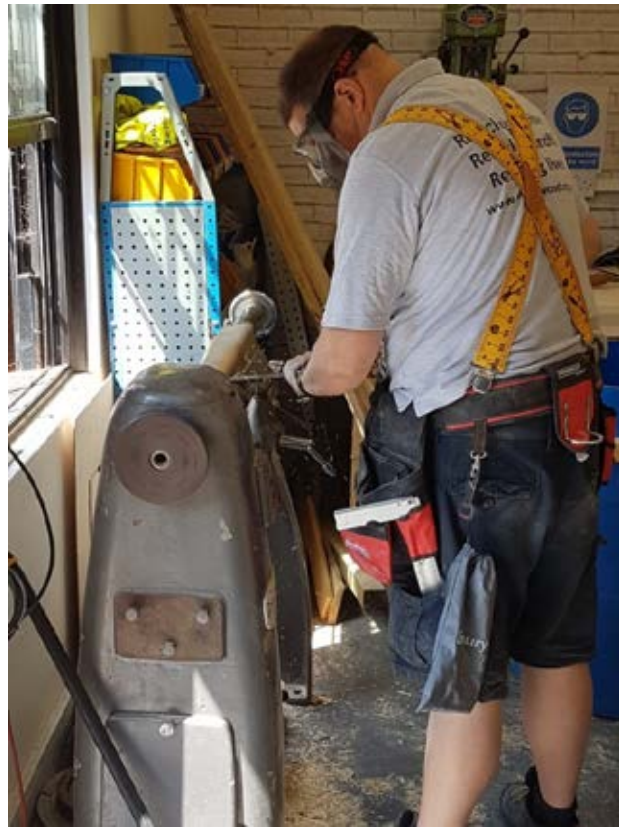

WHERE ARE WE?

We're just across the car park from the Green Centre at Wat Tyler Country Park, Pitsea.

Why not come say hi and meet the team?

OUR VOLUNTEERS IN THE WORKSHOP

Testimonials

“...it’s great learning new skills and meeting new people...”

“... I really love coming here and making the new products from the old wood...”

“...Before coming to New Life wood I had really low self esteem, but now I have been able to learn new skills and regain my confidence...”

“...I was really struggling at home with no purpose - this will really help increase my confidence and hopefully help me get a new job in the long run...”
